

To Whom It May Concern

I was a practicing planning officer with one experience full time job of being a case officer in a local government development control team in England. I also have BSc (Hons) Geography and Environmental Management degree and Diploma Degree in Computer Science with Industrial Experience. I am currently looking to broaden my skills with work overseas both in the private and public sector.

All across the world I know many students and professors from all different countries and cities around countries. They are very good education and different cultures in their background. I believe they are becoming the leaders of tomorrow in 21 Century. They will lead in both society and community, taking the opportunity of their career into every sphere of life they enter.

It has long been my dream to involve these future leaders like you. It has become the most important part of my social life and my education. In these years, it allowed me to improve many skills and personality development I've made throughout my lives. But today I've graduate from the University of Bradford and ready to start a new career along with your company.

Everything I do and study at the University of Bradford is eager to become the leader of tomorrow in many ways: skills improved, ability empowering and well organised. These values shape my personality and promote my great career potential in which the education is based. I believe that the value of my education and the great significance of my values will be so much benefit to the job, even people around me.

So, if you have a job to offer right away, please give a try on me. Because the confident to believe in myself, the passion for learning in this job, and the support to engage of your team, I will make the different to you once you take me.

Please read on and gratefully think about investing your time with me. If you would like to make arrangement or need more information than you find in this CV, just visit my website www.tommywang.co.uk or email me, I'd love to assistant you for the great opportunity.

I look forward to working with you soon.
